About

Oren is a street artist and industrial designer, a graduate of Bezalel Academy of Arts and Design. In his art, **Oren** transforms poetic writing and technology into street objects. His work focuses on eliciting strong emotions and responses from ordinary situations, those daily events that are unnoticed or ignored by us. **In his** public space art work, Oren moves along a fine line between collaboration with the municipalities and under-cover illegal street art. **Oren's** poems have received much media attention and have become a catalyst for important discussion. **He** engages with people who travel on the edges: religious Jews who lost their faith and non-believers who found faith, trans-genders, and others.
